

# Community Meeting

## You're invited! Learn about an upcoming stream restoration project at Gorgas Run.

Located along the west banks of the Wissahickon Creek, Gorgas Run has been selected by Philadelphia Water for a stream restoration project that will repair the damaged caused by stormwater runoff along this historic tributary.

**Please join us for a walk of the restoration site to learn more about the project as well as what you can expect during construction.**

Indian Creek Stream Restoration - West Philadelphia

**Date:** Saturday, October 24<sup>th</sup>  
(rain or shine)

**Time:** 11:00 AM – 1:00 PM

**Meeting Location:**

Yellow Trail Head at Gorgas Lane  
(638 Gorgas Lane)

This project is part of Philadelphia Water's Ecological Restoration program which works to improve the health of our local creeks and rivers. By restoring the streams and tributaries of our watersheds, Philadelphia Water is working to protect our drinking water supply, natural lands and existing infrastructure.
