

Community Meeting

You're invited! Learn about an upcoming construction project at Lanier Playground.

Located at 29th and Tasker Street, Lanier Playground has been selected by Philadelphia Water for a stormwater management project that will soak up stormwater runoff and restore the baseball field.

Please join us to learn more about the project and what you can expect during construction. Refreshments will be served.

Date: Thursday, September 10th
(rain or shine)

Time: 6:00 PM – 7:00 PM

Meeting Location:
Universal Audenried
High School Auditorium
(3301 Tasker Street)

This project is part of Philadelphia's Green City, Clean Waters program which works to improve the health of our local rivers. By storing rain water under the park and then letting it soak into the ground through natural processes, we can help keep the Schuylkill River clean. Philadelphia Water's construction work will start before the overall Lanier Playground Improvement Project planned by Parks and Recreation, the Trust for Public Land, Philadelphia Water, Councilman Kenyatta Johnson's Office and the community.

Planned with the support of Councilman Kenyatta Johnson's Office
