

YOU'RE INVITED

Living Wall Ribbon Cutting Ceremony

Join us as we celebrate
this stunning green infrastructure
project in the city's historic
Independence Hall area.

A breathtaking new "living wall" installation at 3rd and Walnut is managing stormwater, providing pollinator habitat and inspiring others to use innovative green tools.

Join us in welcoming this addition to Philadelphia's growing network of green stormwater infrastructure and learn how a first-of-its-kind partnership led to the creation of this solar-powered billboard for embracing green solutions.

Date: Friday, October 9, 2015

Time: 10:30 AM – 11:30 AM

Location: Independence Park Institute
on 3rd Street between
Walnut and Chestnut Streets

For more information,

please email Laura.Copeland@phila.gov
or call 215-685-4902.

This is a rain or shine event.

Philadelphia Water, the National Park Service and SHIFT_DESIGN collaborated on this project and received funding through the Pa. Dept. of Environmental Protection's Coastal Zone Management grant program. These partners have been invited to discuss their contributions.
